FAMILIENHOTELS SÜDTIROL

HOLIDAYS FOR FAMILIES

BY FAMILIES

The Familienhotels Südtirol are true specialists when it comes to family holidays in close contact with nature. Located in the most scenic locations in South Tyrol, the 25 family-run holiday homes offer everything young and old could wish for. Exciting adventures in unspoilt landscapes. A relaxing break from the 24/7 job of being a parent. An educationally valuable children's programme. Spacious family rooms and suites. Free rental of pushchairs, carriers, and prams. Healthy culinary treats for young and old...

All member hotels are as versatile and colourful as family life itself. They take care of the needs of children and parents with a lot of tact and sensitivity and surprise them with an imaginative offer that is tailored exactly to their wishes. The categories "Family Basic", "Family Comfort" and "Family Premium" distinguish themselves from one another in terms of what they offer. But as different as they are, they all have one thing in common when it comes to service, sustainability, and family-friendly stay: their quality promise. All Familienhotels Südtirol meet the strict criteria of the German Child Protection Agency and are continuously checked by TÜV NORD Germany.

Whether baby or teenager, family with dog, single parent with child, allergy sufferer, or animal lover – the uniquely colourful offer of the 25 Familienhotels Südtirol makes it is easy to reconcile the needs of all family members.
